REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Participants and Administrator

Meridian Bioscience, Inc. Savings and Investment Plan

We have audited the accompanying statements of net assets available for plan benefits of Meridian Bioscience, Inc. Savings and Investment Plan (the "Plan") as of December 31, 2005 and 2004, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The opinion expressed herein on the statement of net assets available for benefits as of December 31, 2004 is different from our previous report dated July 18, 2005. In that report, we included a disclaimer of opinion. As permitted by Department of Labor rules and regulations, we were instructed not to audit information certified by the Trustee. We have since performed the auditing procedures necessary to render an unqualified opinion on the statement of net assets available for benefits as of December 31, 2004.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for plan benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Meridian Bioscience, Inc. Savings and Investment Plan
NOTES TO FINANCIAL STATEMENTS

December 31, 2005 and 2004

NOTE A DESCRIPTION OF PLAN

The following description of the Meridian Bioscience, Inc. Savings and Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of Meridian Bioscience, Inc. and certain of its domestic subsidiaries (the "Company") who have met certain service requirements as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

2. Participation

Employees became eligible for participation in the Plan on their hire date.

3. Trustee

Riggs & Co. Bank, N.A. ("Riggs") was designated as the trustee of the Plan through January 31, 2004. Effective February 1, 2004, Meridian Bioscience, Inc. transferred recordkeeping and trustee duties to Merrill Lynch Trust Company, FSB (Merrill). Merrill invests and holds all contributions made to the Plan.

4. Contributions

Eligible employees may contribute, on a pre-tax basis, an elective contribution of up to 100% of their annual earnings through salary deductions ("Deferred Contribution"), subject to the annual contribution limit of \$14,000, as defined by the Internal Revenue Code. Participants over the age of 50 may contribute up to an additional \$4,000. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions equal to 100% of the first 3% of each participant's Deferred Contribution for employees who have met the eligibility requirements for such matching contributions. In addition, the Company makes, at its discretion, an employer profit sharing contribution. The Company elected to make profit sharing contributions of \$447,742 and \$430,065 for the 2005 and 2004 plan years, respectively.

5. Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and the plan earnings thereon. Allocations of the Company's profit sharing contributions are based on participants' earnings and Plan earnings are allocated based on account balances, as defined.

NOTE A DESCRIPTION OF PLAN (continued)

6. Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

7. Participant Loans

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, or longer for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates ranged from 5.0% to 10.5% during the 2005 Plan year. Principal and interest is paid ratably through monthly payroll deductions.

8. Payment of Benefits

Upon termination of services due to death, disability or retirement, a participant may elect to receive (a) an annuity; (b) installments payable in cash or in kind (rollover to another eligible fund), or part cash and part in kind over a period not to exceed participant's life expectancy; or (c) a single lump sum payment in cash or in kind, or part in cash and part in kind. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Terminated participants with vested account balances greater than \$5,000 may elect to leave their accounts in the Plan for an indefinite period of time.

9. Expenses of the Plan

The Company pays certain expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan.

10. Forfeitures

In the event a participant terminates employment prior to 100% vesting, the portion of employer contributions which is not vested is forfeited at that time. The forfeited amounts are used to reduce future employer contributions. At December 31, 2005 and 2004 there were \$35,250 and \$16,647, respectively, of forfeited nonvested accounts. During 2005, \$27,233 was reallocated from forfeited nonvested accounts.

11. Investment Options

The Plan allows participants to elect how their contributions and the Company's matching contributions will be directed among investment fund options based upon the individual investment objectives of the participants. The common stock held by the plan is an investment directly in Meridian Bioscience, Inc. common stock.

NOTE B SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Money market accounts are valued at cost which approximates fair value. All other investments are recorded at fair value based on quotations obtained from national securities exchanges as of the end of the year. Participant loans are recorded as the unpaid principal balances of the individual loans.

Purchases and sales of investments are recorded on the trade date. Gains and losses on the sale of investments are calculated on the specific identification method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains and losses and unrealized gains and losses on those investments.

4. Payment of Benefits

Benefits are recorded when paid.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

The Plan received a determination letter from the Internal Revenue Service dated April 30, 2002 stating that the Plan is qualified under the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The Plan was subsequently amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE E PRIORITIES UPON TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.
